

Draft programme trade mission Texas Energy Transition 21 – 24 April 2020

Optional:

Tuesday 21 April (Only for those participating in the CCUS Roadshow)

Morning/afternoon Carbon Capture Utilization and Storage Roadshow organized by the Department of Energy and The United States Energy Association (space is limited: please contact u.sezisli@rotterdampartners.nl for more information). Participants should arrive one day in advance.

Tuesday 21 April

Morning	Flight Amsterdam-Houston
Afternoon	Airport transfer & check-in hotel
Evening	Kick-off session Informal networking reception participants trade mission

Wednesday 22 April

Morning	Scene-setter energy transition in the Houston area Seminar: advances in CO ₂ capture and carbon management (including production of blue hydrogen) (in cooperation with Center for Carbon Management and Energy, University of Houston, and United States Energy Association)
Afternoon	Transportation to Port of Houston Various sessions on port infrastructure and the energy transition (possible topics: repurposing of existing intra-port and extra-port infrastructure including hydrogen transportation and storage, multi-stakeholder approach to new infrastructure, infrastructure for sustainable intra-port and extra-port transportation) and networking
Evening	Houston-Rotterdam networking events

Thursday 23 April

- Morning Transportation to Shell Technology Center
Shell Technology Center: Energy Scenario's and Pathways (CCUS and hydrogen), visit of
New Energies Laboratory
- Afternoon Business Forum: viable pathways towards decarbonization, followed by matchmaking
Seminar on Port Logistics: digital platforms
CEO Round Table on Future of Energy
Round Table on Methane
- Evening Meet & greet with Prime Minister and Minister
Group picture
MoU signing ceremony
Trade Dinner with Prime Minister and Minister

Friday 24 April

- Morning Transportation to Rice University
Workshop on Carbon Utilization: pathways towards creating value pre- and post-
combustion (blue hydrogen and splitting of hydrocarbons, see
<https://carbonhub.rice.edu/>)
Debriefing with Prime Minister and Minister
Optional: Event on Future of Energy at Baker Institute of Public Policy
Airport transfer
- Afternoon Flight Houston - Amsterdam

***This programme is in development and will contain one or more of these components per day.**
